~ Rest . Rejuvenate . Relax ~

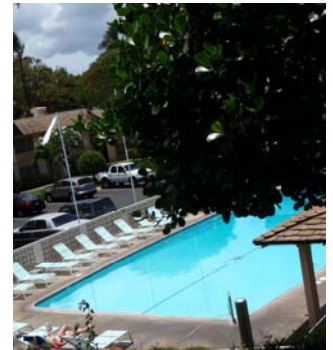

Whether you are looking for a romantic get-away, or relaxing week in a tropic paradise, Kihei Kai Nani is the place to stay. Across the street from the beautiful Kamaole II Beach, Kihei Kai Nani offers a lush and green environment, marked by swaying palm trees, and colourful flowers.

While many opt to lay on the beach, we would like to remind you of the hidden joys of Maui, that many often forget about, when on vacation. Maui offers an abundance of family orientated activities. For the ocean enthusiast, there are many whale watching charters, between the months of December and May, where you can watch as the Humpback Whales breach and play. Molokini Crater, a popular volcanic crater for snorkeling and diving, offers over 250 species of brightly coloured fish.

Unit 248 can comfortably sleep 3 to 4 people, with a queen sized bed, large dresser, and closet in the master bedroom, and a new pull-out sofa bed, flat screen HDTV and DVD player in the well-lit, air conditioned living room, pictured below.

For someone who prefers to keep their feet on firm ground, Haleakala is only a 60 minute drive away. The name Haleakala means "House of the Sun," and it is the worlds largest dormant volcano, standing at 9400 feet high. Pai a, a popular destination for skilled surfers, is a great location with fabulous food, cold shave ice snacks, and endless entertainment. Along with watching surfers and kitesurfers soaring above and over the waves, Pai a is a gorgeous beach well worth the 30 minute drive. If you are more of a shopper, you may choose to visit Wailea Shopping Mall, which is just minutes away. Or you may opt for a longer adventure, driving to Lahaina to experience the great shopping and top notch wine

Maui's South Coast is a sunny destination, with an average annual rainfall of a mere 12 inches, so why not get away and enjoy a little piece of paradise.
